One hour after high water it is low tide, which is followed by flood tide.

GREENEVILLE NEWS.

Summer Services at St. Mary's Church.—Notes.

Beginning next Sunday, until Sept. 10, the summer order of services will be carried out at St. Mary's church. The Sunday masses commence at 7:30, 9 and 10:30 o'clock; vespers, benediction of the blessed sacrament and Sunday school will be omitted; baptisms will be held at 7 o'clock Thursday evenings and following the 10:30 mass Sundays.

OBITUARY.

Mrs. Daniel Shea.
At 2:30 o'clock Tuesday morning Johanna Curran, wife of Daniel Shea, passed away at her home, No. 28 Sixth street, following an illness of four weeks. She was a native of Ireland and was the daughter of Patrick and Bridget Curran. She had made her home in Greenville for many years and was loved and respected by all who knew her. She was a regular attendant at St. Mary's church. She enjoyed the sincere friendship of many in the community and was a true neighbor and friend. She leaves her husband and two children, William Shea and Mrs. William Ryan, both of Greenville. The deceased was about 62 years old.

C. C. Wilson of Westerly was a visitor in town Tuesday.

E. F. Gable of New York is spending two weeks at his home on Twelfth street.

Sunday School Class Visits New York.

The members of Mrs. F. J. Werking's Sunday school class of the Congregational church, accompanied by Mr. and Mrs. Werking, left Taftville on the 24th of Tuesday afternoon, taking the steamer "China" at Norwich, where they were to spend several enjoyable days in sight seeing. It is planned to visit the Aquarium, the Natural History Building, Bronx park, the Metropolitan building, and Coney Island. The party will also inspect the Olympic, the 600,000 ocean liner which recently made her maiden trip from England to New York. The party will return to New London on Friday on the Chester W. Chapin, stopping over for the boat races, and returning to Norwich by trolley. The party is composed of Mr. and Mrs. Werking, Edwin Polard, George Weller, Jr., George Weller, George Weller, Everett Pingree and Lester Atwood of Watertown, N. Y.

CAN HAVE BIPLANE FOR FOURTH

Amusement Committee Has Been Successful in Locating Professor Baldwin the Birdman and Only Lack the Money to Complete Negotiations—Other Attractions Planned.

On Tuesday Mr. Mars, representing Capt. Thomas Baldwin, the man who directed the flight balloon over this city at the 50th anniversary celebration, arrived here for the purpose of consulting with the amusement committee of the court of common council concerning the bringing here of a biplane for the Fourth of July celebration. It was stated by him that Prof. Baldwin had decided not to fly on the Fourth, but because of his previous appearance here in connection with the machine in question, he had decided to bring the machine here on the Fourth of July for \$1,000, it being understood that there will be no payment unless the flight is made. His machine is in question today and he makes 80 miles an hour, being one of the fastest flying machines in use. He has been in the business of flying for the airship and is conducting a school in aeronautics at Mineola, L. I. It is claimed for Baldwin that he was the first one to successfully use a parachute and then a dirigible balloon and that he is now the oldest birdman in the business, being one of the successful fliers. He has a factory in connection with his business.

Mr. Mars looked over the city with Alderman McLaughlin on Tuesday and decided that the fair grounds is the only available place. It requires about 300 feet to get started on the ground, after which the machine rises 100 feet to 150 feet, depending on the wind. It is decided to have Prof. Baldwin come here who will probably arrive on Monday. As his machine can be put together or taken down quickly as shown in the exhibition at the fair grounds.

The biplane is 31 feet from tip to tip and 28 feet long. It is operated by a man in a small cabin. In case of rain, hail or snow will not stop a flight, nor will a steady wind of the only thing which will prevent a flight being puffing winds.

There will be a first class band secured for the day and there will be at least two concerts. Committees to look after the different features were discussed and it was decided to have a meeting of the council members for a further discussion of the celebration. If there is more money sufficient there will be fireworks provided for the evening.

The securing of subscriptions will be started today and it is expected that the contributions will be liberal.

FOUR COUNTIES IN ONE DISTRICT

Plan for Redistricting State Adds Tolland and Middlesex to New London and Windham.

The committee which will redistrict the state into congressional districts will meet today at Hartford, where proposed plans will be submitted. One has been drawn up by Senator Platt in behalf of the republican members. It puts New London, Windham, Tolland and Middlesex counties in one district; it divides New Haven county into two districts, one in the north and one in the south; it adds the towns of Fairfield county to which are added the towns of Sherborn, New Fairfield, Brookfield, and Rain, hall or snow will not stop a flight, nor will a steady wind of the only thing which will prevent a flight being puffing winds.

CENTRAL BAPTIST Y. P. U.

Successful Affair on Grounds of G. Fred Noyes—Pretty Decorations.

A lawn party by the Baptist Young People's union of the Central church postponed from Monday night, was carried out with great success on Tuesday evening at the home of G. Fred Noyes on Laurel Hill avenue and was largely attended in spite of the rain. The decorations were beautiful and the party was a success. The decorations were beautiful and the party was a success.
